Treat Deal Update

To promote healthier choices we are updating our treat meal deal.

The offer will remain at £1, however this will include 3 set items. **A small drink, 1 piece of fruit and 1 treat** (choice of crisps or chocolate). Deal will only be available when we have available stock that make up the deal.

Drink + Treat + Fruit

These items can't be changed if you want to take advantage of the meal deal. Items can be bought separately outside of the meal deal at a price of 50p each. We hope you understand our reason for this. You can no longer mix and match.
